

BIO-KLEEN PLUS™

Protein Spot & Stain Remover

DESCRIPTION

Exceptional ready-to-use carpet spot cleaner and pre-spray designed for safely maintaining all stain resistant carpets and other types of carpeting. Formulated to provide exceptional performance on food and other organic stains such as urine, vomit, blood, feces, pet stains, milk and wine.

PRODUCT FEATURES / BENEFITS

- Neutral pH base and does not contain anti-static agents, defoamers, optical brighteners or carpet protectors / Safe for stain resistant carpeting
- Contains MCA™ odor counteractant and Giane™ fragrance enhancer / Truly modifies unpleasant odors and leaves behind a fresh cosmetic scent
- Contains over 100 billion per gallon 5 strain selective bacteria / Rapidly removes a wide variety of organic stains and deodorizes a wide variety of malodors.
- Contains non-butyl water soluble solvents / Safely & rapidly penetrates grease & oil spots
- Dual use product / Organic spot remover and deodorizer

DIRECTIONS FOR USE

BIO-KLEEN PLUS is a bio-enzymatic, ready to use carpet spot remover and deodorizer. Formulated with five selective bacteria strains, soil releasing agents, non-butyl water soluble solvents and odor counteractants to provide outstanding removal of organic stains such as urine, vomit, blood, feces, food, milk and wine. Also provides superb deodorization from organic odors, smoke, pet and cooking odors. Use BIO-KLEEN PLUS as a deodorizer by air spraying or adding to carpet cleaning solution. Can be used in hotels, motels, schools, offices, airports, hospitals, nursing homes, restaurants or any facility to maintain quality carpeting.

Carpet Spotting Organic Stain

- 1) Pretest carpet for colorfastness in an inconspicuous area.
- 2) Blot up excess liquid with a clean absorbent white cloth.

- 3) Spray BIO-KLEEN PLUS™ on stain or spot.
- 4) Agitate with a carpet brush or clean cloth.
- 5) Blot with clean absorbent white cloth.
- 6) Repeat as necessary.
- 7) Allow to dry then vacuum.

NOTE: Due to the variety of carpeting materials this product should be tested at recommended use dilution in an inconspicuous area. Use clean cloth or sponge for application and if test area indicates bleeding, color removal, carpet shrinkage or deterioration of adhesive, do not use.
