

Emergency Phone

NATIONAL CHEMICAL LABORATORIES, INC.

SAFETY DATA SHEET

Section 1 - Identification

Product Identifier	Afia Green Apple Foaming Hand Cleaner				
Other means of identification	0432				
Recommended use	Hand Soap.				
Recommended restrictions	For commercial and industrial use only.				
Manufacturer / Importer / Supplier / Distributor Information					
Company Name	National Chemical Laboratories of PA, Inc.				
Address	401 N. 10th Street - Philadelphia, PA 19123				
Telephone	1 (215) 922-1200				
Supplier Email	info@nclonline.com				
Contact	CHEM-TEL				

1 (800) 255-3924 Section 2 - Hazard(s) Identification

	Classification	Category
Physical Hazards	Not Classified	
Health Hazards	Not Classified	
OSHA defined hazards	Not Classified.	
Label Elements		
Hazard Symbol	None.	
Signal Word	None	
Hazard Statement	The mixture does not meet the criteria for classification.	
Precautionary statement		
Prevention	Observe good industrial hygiene practices.	
Response	Wash hands after handling.	
Storage	Store away from incompatible materials.	
Disposal	Dispose of waste and residues in accordance with local author	ity requirements.
Hazard(s) not otherwise classified (HNOC)	None known.	

Section 3 - Composition/Information on ingredients

Mixture

Components not listed are either non-hazardous or are below reportable limits.

Section 4 - First-aid Measures

	Section 4 - First-au measures						
Inhalation	Move to fresh air. Get medical attention if irritation persists.						
Skin contact	Wash off with water. Get medical attention if irritation persists.						
Eye contact	Rinse with water. Get medical attention if irritation persists.						
Ingestion	Rinse mouth. Get medical attention if irritation persists.						
Most Important symptoms /effects, acute and delayed	Direct contact with eyes may cause temporary irritation.						
Indication of immediate medical attention and special treatment	Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.						
General Information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.						
	Section 5 - Fire-fighting measures						
Suitable extinguishing media	This material will not support combustion. Use fire-extinguishing media appropriate for surrounding materials.						
Unsuitable extinguishing media	Not Known.						
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.						
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.						

SAFETY DATA SHEET

Fire-fighting equipment /instructions	Move containers from fire area if you can do it without risk.						
General fire hazards	No unusual fire or explosion hazards noted.						
Specific Methods	Use standard firefighting procedures and consider the hazards of other involved materials.						
	Section 6 - Accidental release measures						
Personal precautions, protective	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Wear						
equipment and emergency procedures.	appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. For personal protection, see section 8 of the SDS.						
Methods and materials for	This product is miscible in water.						
containment and cleaning up	SMALL SPILLS Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual						
	contamination. LARGE SPILLS: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in						
	vermiculite, dry sand or earth and place into containers. Prevent entry into waterways, sewer, basements or confined areas						
	Following product recovery, flush area with water.						
• · · · · · · · · · · · · · · · · · · ·	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS						
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.						
	Section 7 - Handling and storage						
Precautions for safe handling	Observe good industrial hygiene practices.						
Conditions for safe storage, including any incompatibilities	Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).						
	Section 8 - Exposure control/personal protection						
Occupational exposure limits	No exposure limits noted for ingredient(s).						
Biological limit values	No biological exposure limits noted for the ingredient(s).						
Appropriate engineering	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to						
controls	conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain						
	airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne

SAFETY DATA SHEET

Relative density temperature	75 °F (23.9 °C)
Solubilities (water)	100 % Soluble.
Partition Coefficient n-	Not available.
octanol/water Auto-ignition temperature	Not A 199-51
Decomposition temperature	Not Available. Not Available.
Viscosity	<pre></pre>
Viscosity Temperature	75 °F (23.9 °C)
	Section 10 - Stability and reactivity
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possiblity of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to Avoid	Contact with incompatible materials.
Incompatible materials Hazardous Decomposition	Strong oxidizing agents. No hazardous decomposition products are known.
Products	
	Section 11 - Toxicological information
Information on likely routes of ex	posure
Ingestion	Expected to be a low ingestion hazard.
Inhalation	No adverse effects due to inhalation are expected.
Skin contact	No adverse effects due to skin contact are expected.
Eye contact	Direct contact with eyes may cause temporary irritation.
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.
-	
Information on toxicological effec	
Acute toxicity	Not expected to be acutely toxic.
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/ eye irritation	Direct contact with eyes may cause temporary irritation.
Respiratory sensitization	This product is not expected to cause respiratory sensitization.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.
Specific target organ toxicity -	Not classified.
single exposure	
Specific target organ toxicity - repeated exposure	Not classified.
Aspiration hazard	Not classified.
Chronic effects	Prolonged inhalation may be harmful.
Ecotoxicity	Section 12 - Ecological Information The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or
Leotoxicity	frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility in soil	No data available.
Mobility in general	No data available.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine
	disruption, global warming potential) are expected from this component.
	Section 13 - Disposal considerations
Disposal instructions	Dispose in accordance with applicable federal, state, and local regulations.
Local disposal regulations	Dispose of in accordance with local regulations.
Hazardous waste code	Waste codes should be assigned by the user based on the application for which the product was used.

SAFETY DATA SHEET

Waste from residues / unused	Dispose in accordance with all applicable regulations.
products	
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied.

This substance/mixture is not intended to be transported in bulk.

Not regulated as dangerous goods.

Not regulated as dangerous goods.

Not regulated as dangerous goods.
