Sha-Zyme™

Grease Attacking Demonstration

GREASE-ATTACKING ANTI-SLIP DEODORIZING BIO-CLEANER

SHA-ZYME™ is a no-rinse daily cleaner and degreaser for use on porous hard surfaces such as concrete, quarry tile, ceramic tile, brick, or any grouted floor surface without floor finish or wax. SHA-ZYME™ with deep cleaning action removes grease and grime below the surface to make floors more slip resistant. SHA-ZYME™ dissolves organic waste on floors leaving a more sanitary condition. Specialized SMB™ (Synergized Multi-Blend) biological engineered formula continues working to consume grease, grime, urine deposits, deodorize and brighten floors.

Test performed using identical amounts of cleaners and identical dwell time.

TECHNICAL SPECIFICATIONS:

Color	Green Liquid
Odor	Pleasantly fresh
pH (conc)	9.0 ± 0.5
pH (1:64 Use Dilution)	7.5 ± 0.5
Viscosity30 cps
Solubility	Complete
Grease Removal	Excellent
Organic Odor Elimination	Excellent
Emulsification	Excellent
Bacteria System	SMB (Synergized Multi-Blend)
Concentration of Bacteria	Over 200 billion/gal.
Surface Compatibility	Safe on all water washable surfaces

DIRECTIONS FOR USE:

Dilute SHA-ZYME™ using the chart below as a guideline in warm water. SHA-ZYME™ can be used by hand mopping or through an automatic scrubber. Ideal for urine odor removal.

SOIL CONDITIONS	DILUTION
Light Duty Cleaning / Daily Maintenance	2 oz./Gal. (1:64)
Medium Duty Cleaning	4 oz./Gal. (1:32)
Heavy Grease / Heavy Floor Maintenance	6 oz./Gal. (1:20)
Urine Odor Removal	6 oz./Gal. (1:20)

1. Dilute according to soil conditions using warm water into mop bucket or automatic scrubber.
2. Apply solution onto floor using mop or apply through automatic scrubber.
3. Allow solution to penetrate grease and soils.
4. If needed, brush floor with a stiff bristled brush.
5. Mop up solution or squeegee to the drain. Do not rinse. Allow floor to air dry.

NOTE: For use on floors only. Do not use on food contact surfaces.
