

ALL-IN-ONE RTU

Encapsulating Carpet Cleaner & Spot Remover

DESCRIPTION

A professional strength, water-based ready-to-use encapsulating carpet cleaner and spot remover. ALL-IN-ONE™ R-T-U incorporates our premium ECT™ technology, which encapsulates soil and dries to a non-sticky crystal. Soil and residue then vacuum out easily. This low moisture process formula eliminates the need for rinsing and minimizes carpet downtime. ALL-IN-ONE™ RTU is formulated for wide-area carpet cleaning tasks and also works great as a spot remover for a wide range of oils and water-based stains.

PRODUCT FEATURES / BENEFITS

- Multi-functional performance Spot Cleaner and Pre-Treatment Cleaner / Reduces inventory and simplifies employee training requirements.
- Incorporates ECT™ Crystal Encapsulation Technology / Entrapped soil and residue vacuum out easily for amazingly clean carpets.
- Designed for use in low moisture cleaning processes / Advanced cleaning performance cleans quickly and effectively, eliminates the need for additional rinsing, minimizes carpet downtime and saves time and labor.
- Contains malodor counteractants and a universal fresh fragrance / Truly modifies unpleasant odors and leaves behind a universal fresh scent
- Neutral pH base and does not contain anti-static agents, defoamers, or optical brighteners / Safe for use on all types of carpet, including stain resistant carpeting
- Eliminates discoloration problems from wicking
- VOC Compliant

DIRECTIONS FOR USE

Carpet Cleaning

BRUSH / BONNET CARPET CLEANING METHOD

- 1) Pretest carpet for colorfastness in an inconspicuous area.
- 2) Remove furniture and dry vacuum thoroughly.
- 3) Spray onto carpet in small sections. DO NOT OVERWET THE CARPET.
- 4) BRUSH: Agitate the carpet with brush.
BONNET: Immerse bonnet in water, wring out thoroughly, then place bonnet on machine. Scrub carpet and change bonnet pad as it becomes soiled.
- 5) After the carpet has been cleaned, the carpet should be brushed in one direction by a deck brush or carpet rake.
- 6) Do not walk on carpet until it is completely dry, then vacuum.

Carpet Spotting

- 1) Pretest carpet for colorfastness in an inconspicuous area.

- 2) Blot up excess liquid with a clean absorbent white cloth.
- 3) Spray carpet spot cleaner onto spot or stain.
- 4) Agitate with a carpet brush or clean cloth.
- 5) Blot with clean absorbent white cloth.
- 6) Repeat as necessary.
- 7) Allow to dry then vacuum.

Carpet Pretreatment

- 1) Pretest carpet for colorfastness in an inconspicuous area.
- 2) Remove furniture and dry vacuum thoroughly.
- 3) Use product as is through a pump up or pressure sprayer.
- 4) Spray onto carpet or traffic lane.
- 5) Let product set for 10 minutes.
- 6) Extract, bonnet clean or rotary shampoo as required.

NOTE: Due to the variety of carpeting materials this product should be tested in an inconspicuous area. Use clean cloth or sponge for application and if test area indicates bleeding, color removal, carpet shrinkage or deterioration of adhesive, do not use.

SPECIFICATIONS

Color	Water like
Odor	Universal Fresh
pH	8.5
Specific Gravity (g/cc).....	1.01 ± 0.02
Density (lbs/gal)	8.4 ± 0.15
Upper Cloud	> 130°F
