

SHA-ZYME

Grease Attacking / Anti-Slip / Deodorizing Bio-Cleaner

22

DESCRIPTION

SHA-ZYME™ is no-rinse daily cleaner and degreaser for use on porous hard surfaces such as concrete, quarry tile, ceramic tile, brick, or any grouted floor surface without floor finish or wax. Especially in kitchens and food preparation areas, SHA-ZYME with deep cleaning action removes grease and grime below the surface to make quarry tile floors (and grout) more slip resistant. Dissolves organic waste on floors leaving a more sanitary condition. Specialized SMB (Synergized Multi-Blend) biologically engineered bacteria / enzyme combination continues working to consume grease, grime, urine deposits, organically deodorize and brighten floor surfaces.

SHA-ZYME™ is recommended for use in food service areas, food preparation areas, restrooms and showers in schools, hotels, hospitals, nursing homes,

mop bucket or automatic scrubber at a dilution rate of 1:64 (2 oz per gallon). Use cold tap water only. Mop diluted solution onto floor. Allow solution to penetrate grease and soils. If needed, brush with a stiff bristle brush. Remove solution from the floor. Rinse if necessary.

SPECIFICATIONS

Color	Green Liquid
Odor	Pleasantly Fresh
pH (conc)	9.0 ± 0.5
pH (1:64 use dilution)	7.5 ± 0.5
TWIN POWER™ Dilution Ratio	1:32 LF
.....	1:64 HF
Density (lbs/gal)	8.4 ± 0.1
Solubility	Complete
Acids	None
Caustics	None
Solvents	None
Phosphates	None
Alkyl / NonylPhenol Ethoxylate Surfactants (APE/NPE)	None
Biodegradable	Readily
Organic Odor Elimination	Excellent
Grease Removal	Excellent
Emulsification	Excellent
Bacteria System	SMB (Synergized Multi-Blend)
Concentration of Bacteria	Over 200 billion/gal.
Surface Compatibility	Safe on all water washable surfaces
Shelf Life	1 year minimum in original unopened container

PRODUCT BENEFITS

- Unique non-acid formula eliminates grease, grime, urine deposits, light mineral deposits.
- Improves slip resistance by removing deep down, trapped grease and grime.
- Will not build-up, yellow or become sticky
- No rinsing required
- Deodorizes as it cleans. Pleasantly fresh fragrance.
- Environmentally responsible non-flammable, biodegradable formulation contains no NPE's, no phosphates, no acids, no caustics and no solvents.
- Synergized multi-blend (SMB) high active bacteria count produces grease eliminating enzymes, consuming grease and organic materials until they are gone.

DIRECTIONS FOR USE

DISPENSING DIRECTIONS: Insert TWIN POWER #22 SHA-ZYME concentrate bottle into the TWIN POWER™ Modular Chemical Dispensing Unit. Ideal for urine odor removal.

FOR SPRAY & WIPE APPLICATIONS: Dispense TWIN POWER #22 SHA-ZYME Ready-to-Use solution from TWIN POWER™ dispensing unit low flow (right) side into a spray bottle at a dilution rate of 1:32 (4 oz per gallon) with the appropriate Ready-to-Use label affixed and tighten trigger sprayer. Use cold tap water only. For toilet bowls, apply diluted solution under water rim and allow to flow into water basin. After 10 minutes, agitate with bowl brush, the flush away. For general restroom cleaning, apply to surface and agitate to loosen soil with a clean cloth, sponge, or brush. Rinse with clear water.

FOR MOP & BUCKET / AUTOSCRUBBING APPLICATIONS: Dispense TWIN POWER #22 SHA-ZYME Ready-to-Use solution from TWIN POWER™ dispensing unit high flow (left) side into a

SAFETY INFORMATION

WARNING: CAUSES SERIOUS EYE IRRITATION. KEEP OUT OF REACH OF CHILDREN.

Prevention: Wash thoroughly after handling. **Response:** If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. **Storage:** Store away from incompatible materials. **Disposal:** Dispose of contents/ container in accordance with local/regional/national/international regulations.

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
