

NATIONAL CHEMICAL LABORATORIES, INC.

SAFETY DATA SHEET

Section 1 - Identification							
Product Identifier	STAMINA Indoor / Outdoor Surface Coating						
Other means of identification	0524						
Recommended use	Floor sealer.						
Recommended restrictions	For commercial and industrial use only.						
Manufacturer / Importer / Sup	oplier / Distributor Information						
Company Name	National Chemical Laboratories of PA, Inc.						
Address	401 N. 10th Street - Philadelphia, PA 19123						
Telephone	1 (215) 922-1200						
Supplier Email	info@nclonline.com						
Contact	CHEM-TEL						
Emergency Phone	1 (800) 255-3924						

Section 2 - Hazard(s) Identification

	Classification	Category
Physical Hazards	Not Classified	
Health Hazards	Not Classified	
OSHA defined hazards	Not Classified.	
Label Elements		
Hazard Symbol	None.	
Signal Word	Not Available	
Hazard Statement	The mixture does not meet the criteria for classification.	
Precautionary statement		
Prevention	Observe good industrial hygiene practices.	
Response	Wash thoroughly after handling.	
Storage	Store away from incompatible materials.	
Disposal	Dispose of contents/container in accordance with local/regio	nal/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	None known.	

Section 3 - Composition/Information on ingredients

Mixture						
Hazardous Components	Ingredient Name	CAS #	%			
	1-Phenoxypropan-2-ol	770-35-4	1 - 5			
	Section 4 - First-aid	Measures				
Inhalation	Inhalation Move to fresh air. Get medical attention if irritation persists.					
Skin contact	Wash skin with soap and water. Get medical attention	if irritation persists.				
Eye contact	Flush eyes thoroughly with water for at least 15 minut	es. Get medical attention if irritatio	on persists.			
Ingestion	Rinse mouth thoroughly with water. Seek medical advice.					
Most Important symptoms or e	ffects, acute and delayed					
Mild eye irritation.						
Indication of immediate medica	l attention and special treatment needed					
	Treat symptomatically.					
General Information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.					
	Section 5 - Fire-fightin	g measures				
Suitable extinguishing media	Carbon dioxide, alcohol-resistant foam, dry chemical,	water spray, or water fog.				
Unsuitable extinguishing media	Not available.					
Specific hazards arising from the chemical	None known.					

SAFETY DATA SHEET

• • • • •	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire-fighting equipment /instructions	Move containers from fire area if you can do it without risk. Use water spray to keep fire-exposed containers cool.
General fire hazards	This product is not flammable or combustible.
	Section 6 - Accidental release measures
Personal precautions, protective equipment and emergency procedures.	Isolate area. Keep unnecessary personnel away. Use personal protection as recommended in Section 8 of the SDS.
Methods and materials for containment and cleaning up	SMALL SPILLAGE: Absorb spillage with suitable absorbent material. Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. After removal flush contaminated area thoroughly with water. LARGE SPILLS: Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. After removal flush contaminated area thoroughly with vermiculite or other inert material, then place in a container for chemical waste. After removal flush contaminated area thoroughly with water.
Environmental precautions	Avoid discharge into drains, water courses or onto the ground.
	Section 7 - Handling and storage
Precautions for safe handling	Avoid contact with eyes, skin, and clothing. Avoid breathing mist or vapor. Do not taste or swallow. Use with adequate ventilation. Wash thoroughly after handling. Use Personal Protective Equipment recommended in section 8 of the SDS.
Conditions for safe storage, including any incompatibilities	Store away from incompatible materials. Keep container closed.
	Section 8 - Exposure control/personal protection
Occupational exposure limits	No exposure limits noted for ingredient(s).
Biological limit values	No biological exposure limits noted for the ingredient(s).
Exposure guidelines	Use personal protective equipment as required. Keep working clothes separately.
Appropriate engineering controls	Provide adequate ventilation and minimize the risk of inhalation of vapors and mists. Provide easy access to water supply and eye wash facilities.
	Juch as personal protective equipment
Eye/face protection	If use of product risks exposure to contact, wear safety glasses with side shields.
Skin protection	
Hand protection	Impervious gloves are recommended for prolonged use.
Other	If use of product risk exposure to contact, wear suitable protective clothing.
Described and the state of	The second states the states of the states o
Respiratory protection	Use a respirator when local exhaust or ventilation is not adequate to keep exposures below the OEL. In a confined space a supplied respirator may be required.
Respiratory protection Thermal hazards	
	supplied respirator may be required.
Thermal hazards General hygiene	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking,
Thermal hazards General hygiene	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.
Thermal hazards General hygiene considerations	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Section 9 - Physical and chemical properties
Thermal hazards General hygiene considerations Appearance	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Section 9 - Physical and chemical properties Opaque Liquid.
Thermal hazards General hygiene considerations Appearance Physical state Form Color	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Section 9 - Physical and chemical properties Opaque Liquid. Liquid.
Thermal hazards General hygiene considerations Appearance Physical state Form Color Odor	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Section 9 - Physical and chemical properties Opaque Liquid. Liquid. Liquid. White. Acrylic.
Thermal hazards General hygiene considerations Appearance Physical state Form Color Odor Odor threshold	supplied respirator may be required. Wear appropriate thermal protective clothing, when necessary. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Section 9 - Physical and chemical properties Opaque Liquid. Liquid. Liquid. White. Acrylic. Not available.
Thermal hazards General hygiene considerations Appearance Physical state Form Color Odor Odor Odor threshold pH	supplied respirator may be required. SAFETY DATA SHEET

Relative density temperature Solubilities (water) Partition Coefficient n- octanol/water	75 °F (23.9 °C) Soluble Not available
Auto-ignition temperature	Not Available
Decomposition temperature	Not Available
Viscosity	< 10 cP
Viscosity Temperature	75 °F (23.9 °C)

Section 10 - Stability and reactivity

Reactivity	Not available.
Chemical stability	Stable at normal conditions.
Possiblity of hazardous reactions	Hazardous polymerization does not occur.
Conditions to Avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous Decomposition Products	Carbon monoxide. Carbon dioxide.

Section 11 - Toxicological information

Information on likely routes of e	xposure
Ingestion	No adverse effects due to ingestion are expected.
Inhalation	Under normal conditions of intended use, this material is not expected to be an inhalation hazard.
Skin contact	Prolonged or repeated skin contact may cause drying, cracking, or irritation.
Eye contact	May cause eye irritation.
Symptoms related to the	May cause eye irritation. Prolonged or repeated skin contact may cause drying, cracking, or irritation.

Respiratory sensitization	Not classified.
Skin sensitization	Not available.
Germ cell mutagenicity	Not classified.
Carcinogenicity	Not classified.
Reproductive toxicity	Not classified.
Specific target organ toxicity -	Not classified.
single exposure	
Specific target organ toxicity -	Not classified.
repeated exposure	
Aspiration hazard	Not classified.
	Section 12 - Ecological Information
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large

Ecotoxicity The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.						
Persistence and degradability	The product is expected to be biodegradable.					
Bioaccumulative potential	Not known.					
Mobility in soil	Not available.					
Mobility in general	The product is water soluble and may spread in water systems.					
Other adverse effects	None known.					
	Section 13 - Disposal considerations					
Disposal instructions	Dispose in accordance with applicable federal, state, and local regulations.					
Local disposal regulations	Dispose of in accordance with local regulations.					
Hazardous waste code	Waste codes should be assigned by the user based on the application for which the product was used.					

Waste from residues / unused	Dispose in acco	ordance with all applicable	regulations.					
products	Circle and the start							
Contaminated packaging	Since emptied	containers may retain proc	luct residue, follo	w label warnings even after container is emptied.
