

# NATIONAL CHEMICAL LABORATORIES, INC.

#### SAFETY DATA SHEET

	SAFEIT DAT	ASHLI	
	Section 1 - Ide	ntification	
Product Identifier	SURFACE PREP LVT/Linoleum De	ep Scrub Cleaner	
Other means of identificatio	n 2621		
Recommended use	Detergent.		
Recommended restrictions	For commercial and industrial u	se only.	
Manufacturer / Importer / S	upplier / Distributor Information		
Company Name	National Chemical Laboratories of PA, Inc.		
Address	401 N. 10th Street - Philadelphia, PA 19123		
Telephone	1 (215) 922-1200		
Supplier Email	info@nclonline.com		
Contact	CHEM-TEL		
Emergency Phone	1 (800) 255-3924		
	Section 2 - Hazard(s	) Identification	
SDS Hazard	Is and Warnings are based on the undiluted product. Re	-	d Warnings.
Dhysical Hazards	Classification Not Classified	Category	
Physical Hazards Health Hazards	Sensitization, skin	1	
nealth nazalus		2A	
	Serious eye damage/eye irritation	ZA	
OSHA defined hazards	Not Classified.		
Label Elements Hazard Symbol			
Signal Word	Warning		
Hazard Statement	May cause an allergic skin reaction. Causes serious eye	irritation.	
recautionary statement			
Prevention	Avoid breathing mist or vapor. Wash thoroughly after h workplace. Wear protective gloves. Wear eye/face protective gloves.		be allowed out of the
Response	If on skin: Wash with plenty of water. If in eyes: Rinse c present and easy to do. Continue rinsing. Specific treat advice/attention. If eye irritation persists: Get medical	nent (see this label). If skin irritation or rash occ	urs: Get medical
Storage	Store away from incompatible materials.		
Disposal	Dispose of contents/container in accordance with local	/regional/national/international regulations.	
lazard(s) not otherwise lassified (HNOC)	None known.		
	Section 3 - Composition/Info	rmation on ingredients	
Mixture			
Hazardous Components	Ingredient Name	CAS #	%
	2-Butoxyethanol	111-76-2	1 - 5
	Alcohols, C12-13 Ethoxylated	66455-14-9	0.1 - 1
	Orange Oil	8008-57-9	0.1 - 1
	Section 4 - First-a	id Measures	
Inhalation	Move to fresh air. Get medical attention if irritation	on persists.	
Skin contact	Remove contaminated clothing immediately and	-	
Eye contact	Seek medical attention and take along these instr Immediately flush eyes with plenty of water for a		
	Continue rinsing. Get medical attention if irritatio	n persists.	
Ingestion	Get medical attention if irritation persists.		

Most Important symptoms or effects, acute and delayed

Rash. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause an allergic skin reaction. Dermatitis.

#### . **.** : ...

General Information	Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Wash contaminated clothing before reuse.							
	Section	n 5 - Fire-fig	hting measures					
Suitable extinguishing media	Water fog. Foam. Dry chemi	cal powder. Carbon	dioxide (CO2).					
Unsuitable extinguishing media	Do not use water jet as an e	xtinguisher, as this v	will spread the fire.					
Specific hazards arising from the chemical	During fire, gases hazardous	to health may be fo	ormed.					
Special protective equipment and precautions for firefighters	Self-contained breathing ap	paratus and full prot	tective clothing must be worn in o	case of fire.				
Fire-fighting equipment /instructions	Move containers from fire a	rea if you can do it v	without risk. Use water spray to k	eep fire-exposed containers co	ol.			
General fire hazards	No unusual fire or explosion	hazards noted.						
Specific Methods	Use standard firefighting pro	ocedures and consid	ler the hazards of other involved	materials.				
	Section 6	- Accidenta	l release measures					
Personal precautions, protective equipment and emergency procedures. Methods and materials for containment and cleaning up	appropriate protective equip containers or spilled materia should be advised if significa This product is miscible in w SMALL SPILLAGE: Wipe up v contamination. LARGE SPILLS: Stop the flow plastic sheet to prevent spre waterways, sewer, basemen	pment and clothing al unless wearing ap ant spillages cannot rater. with absorbent mate v of material, if this i eading. Absorb in ve its or confined areas	e away from and upwind of spill/le during clean-up. Avoid breathing propriate protective clothing. Ens be contained. For personal protect erial (e.g. cloth, fleece). Clean surf is without risk. Dike the spilled ma rmiculite, dry sand or earth and p s. Following product recovery, flue use. For waste disposal, see sectio	mist or vapor. Do not touch da sure adequate ventilation. Loca ction, see section 8 of the SDS. face thoroughly to remove resi aterial, where this is possible. O lace into containers. Prevent e sh area with water.	amaged al authorities dual Cover with			
Environmental precautions	Avoid discharge into drains,			11 13 01 the 3D3.				
	Sectio	on 7 - Handli	ing and storage					
Precautions for safe handling		-	d breathing mist or vapor. Avoid p ve equipment. Observe good indu		lequate			
Conditions for safe storage, including any incompatibilities	Store in original tightly close	d container. Store a	away from incompatible materials	(see Section 10 of the SDS).				
	Section 8 - Ex	posure cont	rol/personal protect	ion

2-Butoxyethanol (CAS 111-7	76-2)	Can be absorbed though the skin.				
US. Tennesee. OELs Occupation	onal Exposure Limkits, Table Z1A					
Components		Exposure				
2-Butoxyethanol (CAS 111-7	76-2)	Can be absorbed though the skin.				
Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Provide evewash station.					
Individual protection measures, su	uch as personal protective equipment					
Eye/face protection	If use of product risks exposure to con	tact, wear safety glasses with side shields.				
Skin protection						
Hand protection	Impervious gloves are recommended f	or prolonged use.				
Other	If use of product risk exposure to contact, wear suitable protective clothing.					
<b>Respiratory protection</b>	In case of insufficient ventilation, wea	r suitable respiratory equipment.				
Thermal hazards	Wear appropriate thermal protective	clothing, when necessary.				
General hygiene considerations	Contaminated work clothing should no	ot be allowed out of the workplace.				

## Section 9 - Physical and chemical properties

Appearance	Pink turbid liquid.
Physical state	Liquid.
Form	Thin Liquid.
Color	Pink.
Odor	Orange.
Odor threshold	Not available.
рН	9.9
Melting point/freezing point	Not available.
Initial boinging point and	212 °F (100 °C)
boiling range	
Flash point	> 212.0 °F (> 100.0 °C) Tag Closed Cup
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or expl	
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Similar to water.
Vapor density	Similar to water.
Relative density	1.01 ± 0.01
Relative density temperature	75 °F (23.9 °C)
Solubilities (water)	100 % Soluble.
Partition Coefficient n- octanol/water	Not available
Auto-ignition temperature	Not Available
Decomposition temperature	Not Available
Viscosity	<10 cSt
Viscosity Temperature	75 °F (23.9 °C)
	Section 10 - Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possiblity of hazardous reactions	No dangerous reaction known under conditions of normal use.

Section 11 - Toxicological information

Conditions to Avoid
Incompatible materials
Hazardous Decomposition
Products

Contact with incompatible materials. Strong oxidizing agents. No hazardous decomposition products are known.
