# Machine Dishwashing - Low Temperature

## LTD-220

### **HD Multi-Temp Machine Detergent**

ProLEX™ LTD-220 is a non-chlorinated, non-foaming, highly concentrated warewashing detergent for use in both low and high temperature dish machines. This high active detergent is designed with a unique blend of water conditioners, soil suspending agents and alkaline agents to tackle tough greasy soils. Effective in removing a wide range of soils from stainless, glass, plastic and fine china.

**Product Code #1121**

Packaging: 5 Gallon Pails, 4 X 1 Gallon Bottles per case

## LTR-250

### **Premium Low Temperature Rinse Additive**

ProLEX™ LTR-250 Premium Low Temperature Rinse Additive causes water to “Sheet Off” dishes, glassware, etc. in machine dish washing operations. Provides rapid drying to eliminate water spotting. Performs under a wide range of water hardness to prevent re-deposition of solids. Can be used with all types of dispensing equipment.

**Product Code #1122**

Packaging: 5 Gallon Pails

# Specialty Warewashing Products

## CDL-520

### **Concentrated Delimer**

ProLEX™ CDL-520 is concentrated delimer that uses a select blend of organic and inorganic acids, combined with controlled foam surfactants and penetrants for superior performance. Low-odor and non-fuming it prevents corrosion while dissolving lime deposits, scale, milk stone, films and light rust from stainless steel, aluminum, tile, porcelain, and other surfaces. Can be diluted for manual cleaning or up to full strength for fast de-liming of automatic dishmachines and C.I.P. equipment.

**Product Code #1126**

Packaging: 4 X 1 Gallon Bottles per case

## FPS-510

### **Concentrated Liquid Flatware Presoak**

Specially formulated for presoaking and de-tarnishing of flatware, ProLEX™ FPS-510 performs equally well in hard and soft water. Contains ingredients which aid in the reduction of water spotting on flatware, as well as loosening cooked on soils.

**Product Code #1125**

Packaging: 4 X 1 Gallon Bottles per case

# Machine Dishwashing - High Temperature

## HTR-260

### **Concentrated High-Temp Rinse Additive**

ProLEX™ HTR-260 is a concentrated rinse additive that causes water to “sheet off” dishes, glassware, etc. in machine dishwashing applications. Provides rapid drying to eliminate water spotting. Performs under a wide range of water hardness to prevent re-deposition of solids. Can be used with all types of dispensing equipment.

**Product Code #1123**

Packaging: 5 Gallon Pails, 4 X 1 Gallon Bottles per case
